

CAPABILITY STATEMENT

MISSION STATEMENT

To provide mid to high-volume cable component assembly and mechanical assembly and installation services to fulfill the needs of OEM's and distributors. We are committed to provide ultra-fast turnaround times at competitive prices while maintaining strict quality standards.

DIFFERENTIATORS

As a UL Certified manufacturer, our procedures and quality control measures ensure that all our services meet the highest standards.

Performance: We are able to fulfill all orders under the required order fulfillment dates. We have consistently received "A" grades from our customers.

Service: Our technical services are tailored to the customer's needs. We work with the customer to provide value added solutions and quality cost cutting alternatives in procedure or materials.

Reputation: We have built a solid reputation with our clients and within the industry.

Competitive Pricing: Maintaining a low overhead allows us to offer exceptional service at competitive cost.

PAST PERFORMANCE

- Harness assembly contracts for Hobart Food Equipment
- Electro-mechanical valve component assembly contracts for end users such as ITW and Caterpillar as well as other OEM's.
- Cable modification projects for Honda Motor Plant's assembly equipment

COMPANY SNAPSHOT

MDFritz Technologies, Inc.

CAGE : 6S4K6

DUNS : 078496789

NAICS : 238210 : Electrical Contractors and
Other Wiring Installation Contractors
335999 : Other Electrical Equipment
and Component Manufacturing
335931 : Current Carrying Wiring
Device Manufacturing

PSC : K059 : Modification of Electrical and
Electronic Equipment

FSG : 5963 : Electronic Modules—

POC : Matthew D Fritz

CORE COMPETENCIES

We Specialize in Electrical Component and Mechanical Systems Assembly:

- Electrical Cable Component Assemblies
- Wire Harnesses
- Wire and Cable Processing
- Soldered Cable Assemblies
- Data Cable Assemblies
- Hardware Assemblies
- Electro-mechanical Valve Wiring
- Control Panels
- Testing and Quality Control Services

**"YOUR FIRST SOURCE FOR
WIRE HARNESS ASSEMBLY"**
